

practices. Paper copies of these documents were previously approved for disposal.

16. Federal Energy Regulatory Commission, Office of Electric Power Regulation (N1-138-00-3, 3 items, 3 temporary items). Electronically filed copies of monthly reports submitted by electric utilities containing information on origin, cost, and quality of fuel received at generating plants. Paper copies of these documents were previously approved for disposal. Also included are electronic copies of documents created using electronic mail and word processing.

17. Federal Energy Regulatory Commission, Office of Electric Power Regulation (N1-138-00-4, 3 items, 3 temporary items). Electronically filed copies of annual power system reports submitted by electric utilities containing information on generating capacity, transmission facilities, loads, and related information. Paper copies of these documents were previously approved for disposal. Also included are electronic copies of documents created using electronic mail and word processing.

18. Federal Energy Regulatory Commission, Office of the Secretary (N1-138-99-8, 5 items, 5 temporary items). Records containing names of participants to Commission proceedings who must be provided with copies of documents filed in dockets. Included are an electronic database, outputs, systems documentation, and electronic copies of documents created using electronic mail and word processing.

19. Nuclear Regulatory Commission, Office of Nuclear Material Safety and Safeguards (N1-431-00-13, 114 items, 80 temporary items). Electronic records in the Commission's Agency-wide Document Access and Management System (ADAMS) accumulated by the Office of Nuclear Material Safety and Safeguards, including electronic copies of records created using office automation tools and records that are used to create ADAMS portable document format files. The electronic recordkeeping copies of documents related to funding methods for financial assurance for decommissioning and files documenting the management and implementation of NRC's internal radiation protection program are proposed for disposal as are paper copies of these records that pre-date ADAMS. Also proposed for disposal are electronic record-keeping copies of case files (excluding decommissioning) and independent spent fuel storage installation docket files that are not selected for permanent retention, program correspondence accumulated

below the Office director level, routine program correspondence files accumulated at all organizational levels, licensee mismanagement files, personnel exposure files, process operator license files, and case files covering licensees where licensing jurisdiction is transferred to a State. Paper copies of these records were previously approved for disposal. Records proposed for permanent retention include recordkeeping copies of such files as docket files for the disposal of high-level radioactive wastes in geologic repositories, docket files for the land disposal of radioactive wastes, uranium recovery docket files, and selected independent spent fuel storage installation docket files. This schedule also proposes minor changes in the disposition instructions for paper copies of such files as allegation case files, committee and conference records, special nuclear material docket files, international safeguards program office files, Part 71 safety evaluation reports and quality assurance files, personal dosimetry processing reports, regulatory history files for proposed and final rulemaking, and sealed source and device review files. These records were previously scheduled.

20. Nuclear Regulatory Commission, Office of Congressional Affairs and International Programs (N1-431-00-14, 8 items, 8 temporary items). Electronic records in the Commission's Agency-wide Document Access and Management System (ADAMS) accumulated by the Office of Congressional Affairs and International Programs, including electronic copies of records created using office automation tools and records that are used to create ADAMS portable document format files. The electronic recordkeeping copies of congressional hearing testimony and transcript files and representation fund files are proposed for disposal as are paper files that pre-date ADAMS.

Dated: January 14, 2000.

Michael J. Kurtz,

Assistant Archivist for Record Services—Washington, DC.

NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES

Cooperative Agreement to Create Greater Public Awareness of Universal Design

AGENCY: National Endowment for the Arts.

ACTION: Notification of Availability.

SUMMARY: The National Endowment for the Arts is requesting proposals leading to one (1) award of a Cooperative Agreement for a project with the goal of creating greater public awareness of and demand for universal designed environments. The successful proposal should include educational efforts targeted to designers, consumers, and decision makers, and involve collaboration with the targeted audiences, as well as the use of innovative strategies to bring the benefits of universal design into the mainstream. Endowment funding is limited to \$75,000. A one-to-one match is required. Those interested in receiving the solicitation package should reference Program Solicitation PS 00-02 in their written request and include two (2) self-addressed labels. Verbal requests for the Solicitation will not be honored. It is anticipated that the Program Solicitation will also be posted on the Endowment's Web site at <http://www.arts.endow.gov>.

DATES: Program Solicitation PS 00-02 is scheduled for release approximately February 14, 2000 with proposals due on March 27, 2000.

ADDRESSES: Requests for the Solicitation should be addressed to the National Endowment for the Arts, Grants, Contracts Office, Room 618, 1100 Pennsylvania Ave., NW, Washington, D.C. 20506.

FOR FURTHER INFORMATION CONTACT: William Hummel, Grants Contracts Office, National Endowment for the Arts, Room 618, 1100 Pennsylvania Ave., NW, Washington, D.C. 20506 (202/682-5482).

William I. Hummel,

Coordinator, Cooperative Agreements and Contracts.
